

I had a good time in this seminar as I learned interesting things and new things about science and other things. It was an good interaction between us and Mr. S. G. Srinivas sir. I request you Mr. S. G. Srinivas sir to take the seminar again and again.

Very interesting Seminar it was, I have gained a lot of knowledge. I was Inspiring

The programme was very interesting which gave a lot of knowledge to us.

It was so interesting that we want to hear some more thing like this daily.

It is very interesting, and inspiring.

I gained a lot of knowledge.

The seminar was impressing. I feel this seminar must be given to every student. It is better than the Best.

It's very interesting and very useful for the students. It is a knowledge developmental seminar.

I hope this Seminaery can be done in
and each & every school so that everyone can know ~~the~~
~~not~~ ~~what~~ what is science.

Seminar is very intresting and impressing.
It was an excellent interactive
session and will be liked by everyone.

Seminar is intresting and it gave us
a different experience which we haven't got it
before.

It is the best seminar I had ever attended. It
would have been better if the seminar ~~o~~ would
go on for a longer time.

The Seminar is good and interesting
and made me to think. Can show videos
about science and working of science.

It was very informative and interactive session.

Hoping for more sessions ahead.

The session is very nice and I was inspired to know more about gadgets working.

This is a good seminar to improve our knowledge. I ^{wish} to attend more seminars.

The Seminar is very interesting and informative. I got many answers what I need. ~~But~~ If we have more time it would be more better.

This Seminar is very good and I feel it will bring the inner ability of each and every person participated in it.

This was a interesting Seminar. It gives knowledge about Science. I³ would like to learn more, if I get a chance.

Good Seminar which enabled all of us to learn many things. I wish ^{to have} many Seminars like this in our School from your Side.

The seminar is good and I have gained some knowledge. I would ^{like} know more from your seminar.

I think we all developed ~~our~~ visualisation, Imagination and curiosity in all the think, which we can see, through our naked eye.

It was really interesting and informative.

We all look for many more sessions like this by your side.

The session is very well organized and informative. We would like to have many more sessions like this.

The Seminar was good enough but it would have been more interactive if there were more videos.

Very interesting, patiently listening Seminar mainly the Presentations shown by Mr. S. G. Srinivas asking simple questions clarifying doubts by jokes.

This session conducted by Mr. S. G. Srinivas is very interesting and useful to students. There are no suggestions or advices on the Seminar.

Yes, there are some feedback points from me. The seminar 'learning by meaning' is so interesting and helpful.

It was a wonderful session, very informative and I learned a lot from it. It would be good if it was a more longer session.

It is so interesting and informative.

In this seminar we can learn many things which help in future.

This is a good seminar which is very useful and helps us to think innovatively by asking us HOW, WHAT, WHEN and WHERE.

My interest on science has increase which made me to think different.

Thankyou for this seminar for 2 hours which very use full through out my life.

This seminar was so much interactive which made me to take an active participation in it.

This seminar was an informative one which gained me extra knowledge for future use.

This seminar is very good and we have gained a lot through this.

Learning by meaning & Scientific Approach

It was an interactive session. We came to know new techniques and gained information. We knew the importance of science and we enjoyed a lot and learned.

The ~~prog~~ seminar was informative. ~~It~~

I think the time of the seminar should be extended.

We will be able to think in a very broad way.

→ Seminar is very interesting

→ Learnt a lot of new concepts.

→ ^{knew} How to reduce stress while studying.

→ Had been an interactive seminar and very helpful for achieving our goals.

The seminar was excellent, I have understood lot of things. All my doubts are cleared by this seminar and I also learnt many things and I understood what is science and importance of it.

It was a useful seminar which brings great knowledge to the students and we came to about different things which we do not know before and the interaction with the sir Mr. S. G. Srinivas was very useful seminar.

Again and Again the seminar should be conducted to know more about the world of science.

This seminar definitely gives everyone a change in their life and helped me to live and use the life in an easy and interesting way and now I can overcome fear and I now feel to make some thing useful to every one and become a junior engineer.

Its a very good interactive session which makes us question ourselves but students could be more beneficial if it would be held with a small number of students at once.

This seminar is very useful to boost up our knowledge. To raise more and more questions in our mind and get answer for it by ourselves applying it practically. We need to get more knowledge from you.

We need more to know skillful techniques and simple techniques ^{for} applying ~~it~~ it practically.

The seminar was knowledgeable and interesting. It was technical and also funny. Our interaction was ~~was~~ improving due to this seminar. Sir you was soo. friendly to all of us. Thank you sir for giving some off your knowledge to us for use.

The Seminar was is Good and This Scientific questions may help the students to think. So much. This Thinking may help in future. and The website : www.Scientific Student . Com helps students to Gain my Knowledge . The Presentation Given is Good .

The session was good because the students ^{can} were able to ~~can~~ interact and share their views ^{knowledge} and ideas . There should ~~be~~ more . The Presentation was excellent . There should be more sessions conducted so that the students can gain the knowledge .

I had a good time in this seminar as I learned interesting things and new things about science and other things . It was an good interaction between us and Mr.S.G Srinivas sir . I request you Mr.S.G Srinivas sir to take the seminar again and again .

Please Spend More Time with us

A very interactive, suggestive, meaningful and it was a very good session. Knowledgeful even.

Interesting seminar. I wish to have
more seminars in this manner.

Extraordinary! I am very interested in this
seminar. Expecting more to be conducted.
